

Warwickshire Local Labour Market Information (LMI)

Real jobs. Real skills. Real opportunities.

80.5% 
of people aged 16–64 are
economically active in Warwickshire
(as of March 2026).

What is LMI?

Local Labour Market Information (LMI) gives us up-to-date information about the jobs, skills and opportunities available in Warwickshire. It helps students, parents, carers, teachers and careers advisers make informed choices about future learning, training and employment.

Local insight. Real opportunities.

Warwickshire's LMI provides a clear picture of the local economy, the jobs of today and tomorrow, and the skills that employers need.

Warwickshire's key employment sectors

These six sectors are the foundation of Warwickshire's economy and offer a wide range of career pathways.
