

February 2020

Dear Parent/Carer

Year 7 Maths Assessment - Friday 28th February

All Year 7 students will be sitting their Spring Termly Maths Assessment during their Maths lesson on Friday 28th February.

The topics in the test are all topics that your son/daughter will have studied, either at primary school or during their Maths lessons at Higham Lane. Please encourage your son/daughter to prepare for this assessment by completing appropriate revision.

To support your son/daughter's preparation for this assessment, they will be provided with a 'Year 7 Spring Term Revision Booklet' by their Maths teacher this week. As a department, we have found that the best way for students to revise is by **attempting questions** from the booklet and using their **notes, revision guides** or **MyMaths** to help them, alongside their **Knowledge Organisers**. To support them with the completion of this booklet, it will replace the home learning set by their Maths teacher for the weeks commencing Monday 10th February and over half term. The booklet will be checked by their Maths teacher on **Monday 24th February (Band 1)** or **Tuesday 25th February (Band 2)** to make sure at least **75%** is complete. The booklet is also available on **SharePoint** for them to access via **Mathematics > Year 7 > Spring Termly Assessment 2020** if they wish to make a start on it before their next Maths lesson.

To further aid your son/daughter's revision, the **answers** to all the questions are available in the same SharePoint folder. Please encourage your son/daughter to **attempt the questions** in the revision booklet **prior to checking** them in the answer booklet and to seek further **help** from their maths teacher if they are still struggling with any particular topics. The maths department are also running **KS3 Maths Drop In** during **Wednesday lunchtimes in MA1** so please encourage your son/daughter to attend this for additional help.

Thanks for your support in preparing your son/daughter for this important assessment,

Mr Fox
KS3 Assistant Subject Leader for Maths

(FD-AA) Year 7 Maths Assessment - Friday 28th February - February 2020
