

WHOLE SCHOOL

Guide to allow Parents/Carers to check Google Classroom: Thank you for the care and support you're providing your son/daughter during this period of school closure. It is never easy juggling the demands of work and home life, so again, we thank you for the very keen interest you're showing in your son/daughter's home learning, helping them to understand and keep on top of work set by their subject teachers.

One common question we have received over this period of school closure centres on how, as parents/carers, they can better support their child when home learning online, specifically through Google Classroom. Parents/carers are asking - 'How do I know what work my son/daughter has been set and when the completion date is?'. This is a question we can relate to and as such have produced a very clear 'How to Guide... Checking your child's work on Google Classroom'. This step-by-step guide will show you how to can navigate your son/daughter's Google Classroom environment to see what has been set. Please find guide attached.

We understand it is never easy to fully understand what work your son/daughter needs to do particularly when it's online. Although they can explain to you, it's not quite the same as you knowing for yourself. This guide, we hope, provides you with the tools to actually see what is set, therefore providing you with a clear understanding and, we hope, a degree of reassurance. We hope you find this useful.

Kind Regards

Students to contact Form Tutors.

This week your son/daughter's Form Tutor has set up a class in google classrooms which is an opportunity for your son/daughter to communicate with their Form Tutor. Please can you encourage them to reply to the Form Tutor's message on google classrooms by Wednesday 20th May. As usual the codes to join the form class are available on SharePoint.

Many thanks,
