January 2020

Dear Parent/Carer of

**Royal Institution Engineering Masterclasses at the University of Warwick for Year 9 Students**

Local schools have been invited to nominate two Year 9 pupils (of different gender) to attend Saturday morning Royal Institution Engineering Masterclasses in WMG, at the University of Warwick in the spring term. This Series aims to open the eyes of young people to the excitement, beauty and value of engineering, and in turn, inspire the next generation of scientists, mathematicians and engineers. The Series is delivered by staff and students from WMG. Each masterclass focuses on an aspect of modern engineering and is presented by an engineer actively involved in research or working in industry. The classes take the form of interactive workshop sessions. The dates for the RI Masterclasses 2020 Series are as follows:

Saturday mornings: February 1st, 8th, 15th, 29th and March 7th, 14th

Please find attached a copy of the letter from the University of Warwick and an application form. If your son/daughter is interested in putting their names forward for nomination please complete the attached application form and return it to me at school, with signed consent for students to attend.

Best wishes,

Miss Mackey
