Dear Parent/Carer

Year 11 Trial Exam: Maths Foundation Revision Booklet

All Year 11 students will be sitting a maths exam paper on Thursday 7th November as part of their Year 11 trial exams.

To support your son/daughter's preparation for this assessment, I have attached a booklet of revision questions for them to complete. As a department, we have found that the best way for students to revise is by attempting new questions and using notes, revision guides or MyMaths to help them, alongside their Knowledge Organisers. To support them with the completion of this booklet, it will replace the home learning set by their Maths teacher for the weeks commencing Monday 14th October and Monday 21st October and it will be checked by their Maths teacher on Monday 4th November to make sure at least 75% is complete. The booklet is also available on SharePoint for them to access.

To further aid your son/daughter's revision, I have attached the answer booklet to these questions. Please encourage your son/daughter to attempt the questions in the revision booklet prior to checking them in the answer booklet and to seek further help from their maths teacher if they are still struggling with any particular topics. The Maths department are also running KS4 Maths Drop in during Wednesday lunchtimes in MA1 so please encourage your son/daughter to attend this for additional help.

Kind Regards

N. Charnell
