Work for Students who are Absent for Short-Term Illness (not self-isolating)

If your child is absent from school but well enough to complete any work from home, please remember to look on Google Classroom for any set work and homework tasks. In addition, your son/daughter could be doing the following:

- Use the many online resources that are available for each subject. For example, MyMaths, Linguascope, QuizLit, Seneca Learning to secure knowledge and understanding.
- Complete work using purchased Revision Guides.
- Look through archived lessons from the summer term when we were using Google Classroom – there are opportunities to recap and review topics that were studied. Subject quizzes can still be completed for example.
- Use the Knowledge Organiser booklet to recap and review knowledge that is currently being studied.
- Ensure all FOTs from teacher feedback have been completed.
- Complete any incomplete questions from Knowledge Booklets or other lesson resources.
- The Oak National Academy website www.thenational.academy is an online website funded by the Department of Education. This website provides video lessons for students with follow on quizzes and worksheets. You can search for lessons by year group and by subject.
- Read for pleasure using a private reading book.
