

Employer Interaction and Work Experience offering 2022

Gatsby benchmarks. We'd love to help!

Our workshops, events and free resources are all tailored to the curriculum and are a fantastic way for students to learn more about careers in the water industry.

Employability Skills workshops

1-2 hour sessions that help students develop key business skills; presentation, personal brand, interview skills.

Women Working in Water events

We want to inspire your female students to consider careers in the water industry through interaction with our women in water role models.

Apprenticeships Mythbusting

– years 11 & 13

Helping your students truly understand the excellent opportunities available through apprenticeships.

Spotlight on 2022 programmes

Online sessions to help you learn more about our 2022 apprenticeship programs.

Careers in Water

– year 10

Delivering sessions to help your students understand the water industry and the possible careers within our industry.

Severn Trent: STEM links to curriculum

– year 11

Let us help your teachers bring to life their STEM subject and help your students connect with the curriculum.

Discovery Days:

2-day events in the Easter break; 11th and 12th of April 2022
Learn more about the operational world in the water industry, and how we keep the water (and waste) flowing.

Projects for group working from real life examples

Want to know more?

Email us on potential@severntrent.co.uk and we would love to work with you and your young people.
