Dear Parent/Carer,

Re: Year 13 Student Progress Evening

As a result of the announcements made earlier this week with reference to coronavirus by the government and advice given by Public Health England, we have decided to cancel the forthcoming Year 13 Student Progress Evening on 2nd April 2020.

You will still receive the Student Progress Report in the week commencing 30th March 2020 to show current working and EDGE attitude to learning grades. You will also receive a further e-mail only if your son/daughter is under-performing against their minimum expected grade in any of their subjects by more than one grade. This email will share next steps advice from respective subject teachers about how to improve on progress and attainment. Please share this information with your son/daughter.

Do not hesitate to contact any of the teachers if you would like to discuss the Student Progress Report or the next step advice further.

Please contact the sixth form on sixthform@highamlaneschool.co.uk if you have any questions. Thank you for your understanding.

For further support for your son/daughter I have attached a copy of a publication that I recently received from www.theparentsguideto.co.uk titled 'The Parent's Guide to Exam revision (sixth form)'. I hope you find this useful.

We have not received any information regarding external exams and as a consequence are still expecting exams to take place as scheduled. We will of course update you and your son/daughter if there is any change.

Yours sincerely

H Ladha

Assistant Headteacher, Head of Sixth Form
