

Safer Internet Day (8th Feb 2022) School information pack

Safer Internet Day 2022 will be celebrated on 8th February with the theme 'All fun and games? Exploring respect and relationships online'.

Young people often interact with others when gaming, chatting and streaming. Safer Internet Day 2022 celebrates creating a safer internet, whether that is whilst gaming and creating content, or interacting with their friends and peers.

Register your school as a Safer Internet Day Supporter

Join the Supporters List and share your Safer Internet Day activities. Take part in the activities in this information pack.

"The platforms young people use are spaces for connection, community and collaboration, which is why the Day challenges them to foster supportive relationships and respectful communities, whilst equipping them with the skills they need to keep themselves and others safe in these spaces." (UK Safer Internet Centre, 2021)

Educational Resources

UK Safer Internet Centre have created a range of resources to help you deliver sessions for Safer Internet Day. These educational resources have been specifically designed to support school staff in delivering messages about the campaign theme of respect and relationships in online gaming.

Download the pack [here](#) - it includes a guide to using the pack, lesson plans and slides, an assembly, activities, things to share on social media, and further guidance for educators.
